

Quick Start Guide

ACTIVATING APIVERA HIVE HEALTH NUTRIENTS

Step

1

NUTRIENT PACKET

Empty the full packet of nutrient blend powder into a clean, dry 5-gallon bucket.

WATER JUG

Fill the jug to the top with water and pour into the bucket over the nutrient powder. Mix until nutrient powder is fully dissolved.

Step

2

Step

3

LIQUID ACTIVATOR

Shake the Liquid N-Activator well to suspend particles and add the full contents into the bucket with the dissolved nutrient solution.
